The Vernon school opens, Prof. Plunkett principal, with promise of a very successful year. There is a good attendance of "foreign" scholars.

Mr. A. J. Patterson sent \$51, the proceeds of a dance given in his hotel last Monday evening to H. L. Chipman of Bad Axe to be distributed among the fire sufferers.

One of the most promising features for a good County Fair is this: The officers are more widely scattered over the county this year than ever before and each one is working up an interest in his own locality.

Rev. E. W. Shaw of Vernon, was a welcome visitor at the Times office yesterday. Mr. and Mrs. Shaw were en route for Jackson to attend the State Fair and also to visit Mr. Shaw's aged father, a pioneer of that city.

During the absence of Sheriff Smith his friends assembled in full force, at his home in Cornua, Saturday evening, and welcomed him home with birthday congratulations. Before the close of this pleasant party, Mr. McGrath, in a very appropriate speech presented Mr. and Mrs. Smith with two elegant easy chairs.

Our streets are to be lighted with gas-lamps. At a meeting of the Common Council, last evening, the Mayor was instructed to negotiate for a number of street lamps to be put up in the city on trial, for thirty days, and to be paid for at that time if they prove satisfactory. This is an improvement which has long been needed in the city.

Our accomplished young friend, Miss Sarah Brewster, who is well known here as a very successful teacher, is about to open a kindergarten school at Thomasville, Ga., in conjunction with Madam Grant, of that city. Miss Brewster is a young lady of rare culture and refinement, very thoroughly qualified for the difficult specialty of kindergarten instruction, and who fully deserves and enjoys the countenance and friendship of our best people. We wish her abundant success in her new field, improved health, and a speedy return to Jacksonville. (Jacksonville Daily Union.)

What Killed Our President.

The day the news of our noble President's death reached my ears I discovered the cause that killed him. In attending to my business I read a plain law to an official character and with a long string of cautions he said, "I do not care for law." As a young man he belongs to the class we have raised and who now step upon the platform of action. The want of reverence for law and men in authority, our custom of slandering our leaders, our want of cultivating the organ of reverence Europe so earnestly cultivates, has killed our noble President. All editors should draw this spirit before the high court of human conscience, find it guilty, and condemn it to the most ignominious death.

JOHN STORREK.

I will sell for the next thirty days wall-paper at greatly reduced prices to close out, and make room for new goods.

Mrs. Annie A. Smithson of Auburn, N. Y., writes: "I had doctor for years and tried various advertised remedies for my complaint, which was general prostration. I believe I suffered every ill that flesh is heir to. The least exertion caused the greatest fatigue. I was tormented with dyspepsia and every irregularity. My blood seemed poisoned, pimples and sores were all over my body. Nothing I tried ever gave me more than mere temporary relief, and I felt myself growing worse and worse. Mr. Reynolds, the druggist, advised me to use Brown's Iron Bitters. From the very start I began to improve; now I do not feel like the same woman."

From Mrs. H. L. Chipman.

BAD AXE, Sept. 18, 1881.
TO THE OWOSSO RELIEF COMMITTEE:
I have my house filled with the sufferers from the fire who have no home, no clothes and no money to do with. Father Chipman asked what was most needed up here. I thought if you would take these families upon yourselves to provide for and to fit up so they could go to housekeeping, you would be doing a noble deed. They are nice people and had things in good shape before the fire. As you are willing to help the sufferers would it not be agreeable to you to know just who you were fitting out, and if you were supplying two houses why you would know about what was needed, certainly, to keep house with.

* As yet these families have but each a blanket and a few old clothes. Now I will tell you of the families. The Porter family consists of Mr. and Mrs. James Porter, Mr. and Mrs. Ganor (their daughter and her husband) and a Miss Mary Sullivan. Mrs. Porter's daughter by her first husband, that makes five in that family. * * * Mr. Ganor is a carpenter. He lost all his tools. Now for the second family. It consists of six persons, they lived together before the fire and being relatives will gain; Mr. and Mrs. John Murphy and a four-year old little girl and Mrs. Murphy's brother, his name is Cataline, and wife and a three-weeks old babe. Mr. Cataline carried his poor sick wife one mile on his back during the fire and laid her beside a creek and kept pouring water on a blanket that covered her and would throw water over himself to keep from burning. The babe was cared for by others. Mrs. Cataline did not have a mouthful to eat until the next afternoon, then they gave her some milk in an old can which had been used to gather potato bugs in. Now these families including another young babe, entirely destitute of clothing, make just twelve. Will you see what you can do to get them things together to keep house with. If you choose you can send some one with the things, or send direct to the parties as you choose. * * * Some counties send on their committee and it is more satisfactory to all here who have been burned out. Understand me please the twelve mentioned will occupy two houses. I have another family here also. Their names are Mr. and Mrs. James Cataline. They have four children, three boys and a girl; but I am in hopes Vernon people will do for them, as Mrs. C. was born and brought up there. Mr. Garrison, of Vernon, has written her father to see what is needed. A poor widow woman was just in and cried like a child telling me everything of hers was burned. Her sewing machine she feels the worst about, as she earned her living for herself and two children with that. One of her children, a girl 8 years of age is a crippled child, the other a boy. This widow's name is Mrs. McLeod. Please let me hear from you.

Mrs. H. L. CHIPMAN.

McLean, having in charge the arrangements for the suitable observance of the day of President Garfield's funeral, announce that service, in which all the churches of the city are invited to take part, will be conducted by Rev. Sunday School Institute.

The first Sunday School Institute of Genesee conference of Congregational churches, is to be held at Bay City, beginning Tuesday evening Sept. 27, and closing Thursday evening following. The fall meeting of Genesee conference and also the Woman's Missionary society are to occur at the same time and place, in connection with that Institute. When our best experienced and practical physicians widely endorse and recommend a medicine knowing from the ingredients used it must have an excellent general effect on the human system, and to a true strengthener of every organ of life, and recognized as nature's best assistant in curing dyspepsia, indigestion, general debility, nervous prostration, want of vitality, convalescence, fevers, chronic chills and fever, dumb ague, female diseases, broken down constitutions, ill health, weakness, debility, imperfect action of life and health, etc., all of which make life miserable, then indeed should the newspaper press of the country call the attention of suffering humanity to so meritorious a compound. We refer to Brown's Iron Bitters; a remedy having the largest sale in the East of any medicine ever invented, simply because it has true merit and gives permanent relief. -HERALD

Hill's Buchu is acknowledged by all Druggists as the best kidney medicine ever offered to the public.

Constipation which gives rise to many graver troubles, is cured and prevented by Carter's Little Liver Pills.

What They are Coming To.

Many persons do not know that they are endangering their lives by neglecting to keep the bowels free and healthy in action. Nothing is as pleasant and sure to do it as Rhinehart's Liver Pills.

Fever and Ague.

Johnson's Sarsaparilla is the only medicine that will expel Malaria, Quinine, Tonic and other poisons which are given in large quantities for Fever and Ague, and very often leave the patient on the brink of the grave. All such cases are speedily cured by Johnson's Extract of Yellow Dock, Dandelion, &c.

JUST RECEIVED A CAR LOAD OF

SUPERIOR DRILLS.

We again cordially greet the public and herewith make our acknowledgments to our many friends and patrons, all of whom, we are sure, will be glad to hear that the SUPERIOR still maintains its proud but well-earned position in the forefront of grain drills. The year past was more fruitful than any preceding one with triumphs for our machine, and that is saying a good deal, for since the first year of its introduction, its record has been such as to afford us unbounded gratification.

Among the farmers of Shiawassee county the name "SUPERIOR" is fast becoming a HOUSEHOLD WORD. In casting a glance backward over it, we have only one thing to regret, namely: that we were wholly unable last season to fill all the orders with which our friends so generously favored us. This is not by any means our first offense, yet we can, by way of extension, assure all interested that we did our utmost to supply the demand for our machines and failed only after every resource and facility for production was exhausted. More we could not do. But we are getting an earlier and better start for the approaching season and think we will be in much better shape to respond to our promises, so far as supplying the demands is concerned, than heretofore.
